Vowel Count

There is only one vowel in the entire word—this usually raises difficulty because fewer vowel placements reduce guess flexibility.

Double Letters?

There are no double letters today, but the central G gives a strong structure to the word.

Reveal Today’s Wordle Answer

Today’s Wordle Answer (#1626) is: MUGGY

“Muggy” describes hot, humid, sticky weather. Wordle players sometimes struggle with uncommon vowel placement like this, which explains the moderately high average number of attempts.

Why Meaning & Structure Matter

Learning word definitions improves future guessing accuracy. Research on retrieval practice shows that recalling word meanings helps the brain recognize patterns faster—useful for Wordle streaks.

Yesterday’s Wordle

Yesterday’s (Nov 29, 2025, #1624): GRUFF – meaning rough or abrupt in tone. Difficulty: 4.6/6.
